# Kuara - Notes App User Guide

DESARROLLO DE SISTEMAS WEB - UCLM

Furkan Kalaycioglu

1.   Home Page (Before Login)

The application commences with a user-friendly Sign Up and Login Page, allowing users to effortlessly get started.

1.2 - Home Page (After Login)

Once you have successfully logged in, a warm and inviting welcome page awaits you. On this page, you will have the opportunity to view any pending follow requests, if applicable.
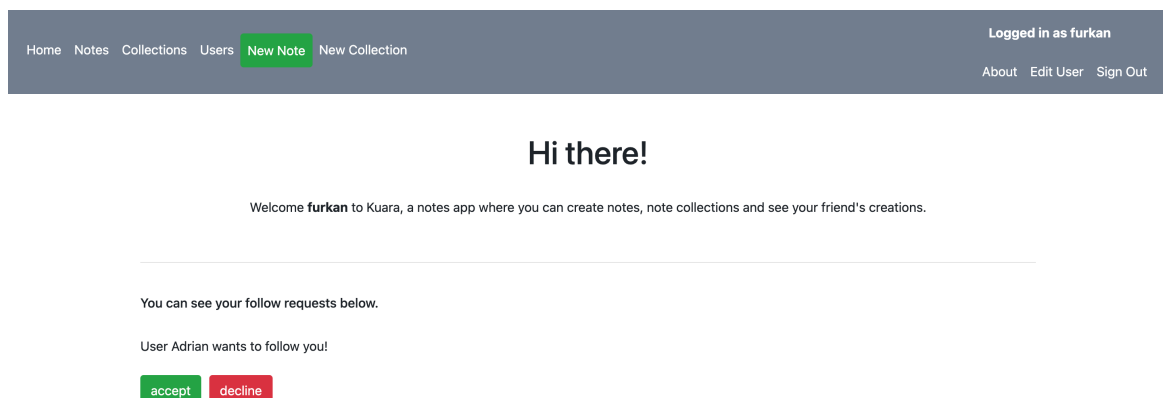

2. Notes Page

The Notes Page provides a comprehensive overview of all the notes you have created. Each note is conveniently displayed, allowing you to easily navigate through your collection. Furthermore, to gain a more detailed view of a specific note, simply click the "Show this note" button. Additionally, if a note contains any images, you can access and view them by selecting this option while viewing the note.

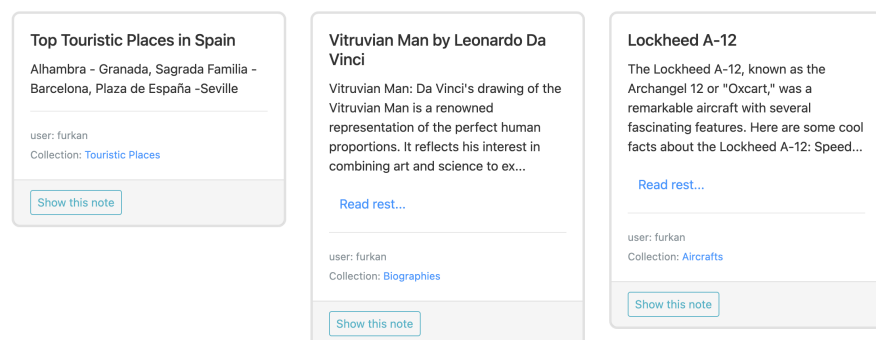

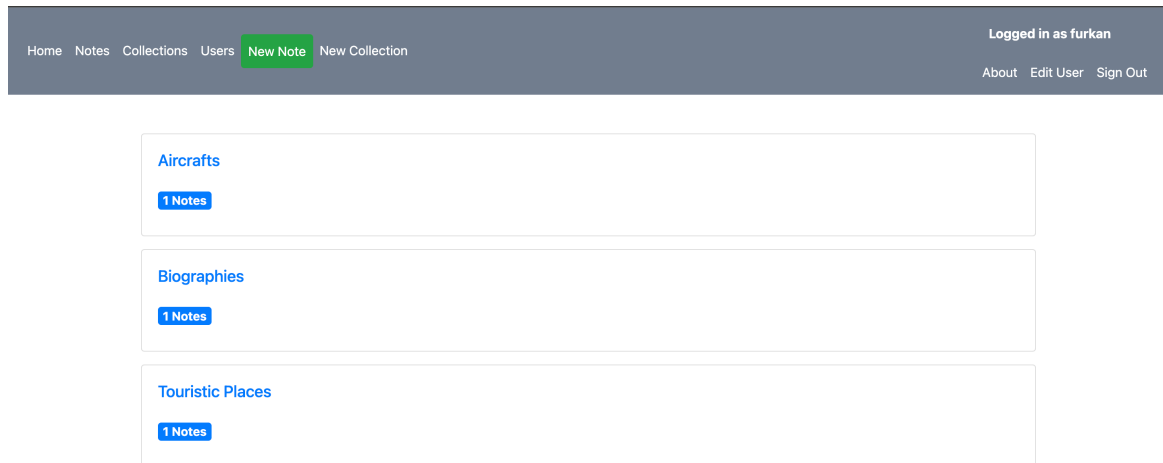

In the "Show this note" section, you can access detailed information about the note, including options to delete or edit it.
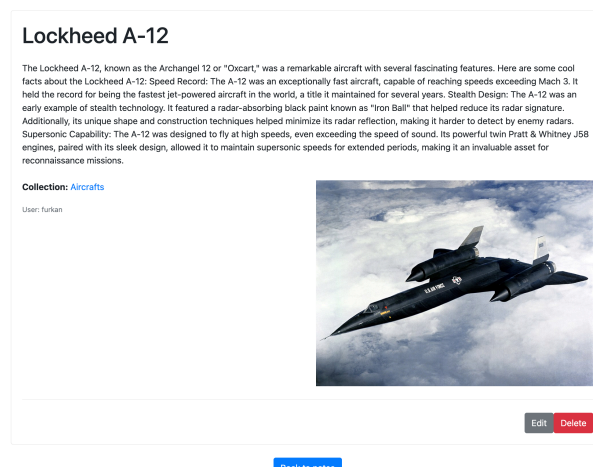

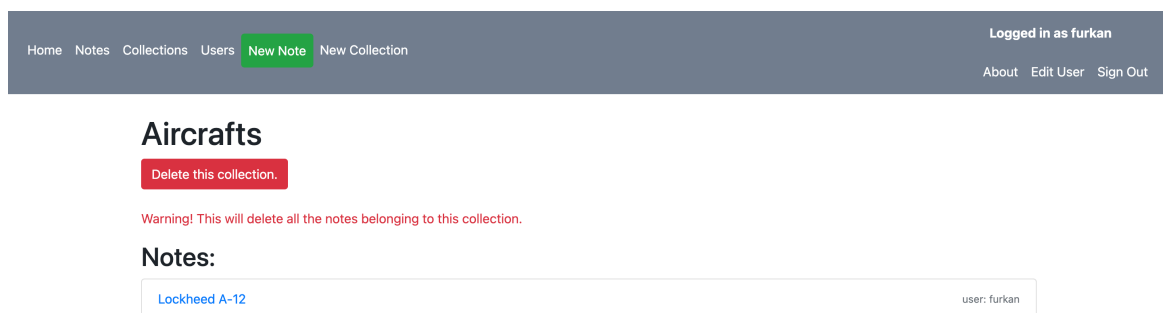

3. Collections

In the Collections section, you can view all your created collections at a glance.

Once you select a collection, you will be able to view all the notes contained within it. Additionally, you have the option to delete a collection if needed.

4. Users

The Users page provides a split-screen layout. On the left side, you can find a comprehensive list of all the users registered on the app. Meanwhile, the right side displays the users you follow, representing your circle of friends within the app.

furkan's Profile

Follow

Clicking on a friend's profile grants you access to view all of their notes and collections. Additionally, you will find an option to unfollow them, should you wish to discontinue following their updates.

5. New Note

The green button serves as a means to create a new note. When creating a note, it is mandatory to specify a collection, title, and content for the note to be successfully generated.

6. New Collection

In the New Collection section, you have the option to create a fresh collection. This feature enables you to organize your notes into distinct groups based on your preferences or specific topics.

7. Admin

To access the admin page, simply enter the following URL in your browser: http://localhost:3000/admin. Please note that currently, there is a known issue with the template's uploading functionality, but rest assured it will be resolved promptly. Additionally, the registration process for admin accounts will be implemented in the near future.
